H. T. LOGAN'S EXPOSITIONS OF SPRING STYLES

Is without a doubt the largest and finest array of up-to-date Apparel for Men and Boys ever shown in this section of the state. Not only will you find our assortment larger but you will find the values greater. The styles shown from hat to shoes are absolutely correct. On the whole this great spring exhibit should impress you more than ever with this stores progressive ness and the greatness of our values. We cordially invite you to call on Saturday and view the newest fash ions for MEN.

Hughes and Swinbroad sold for E. C. Gaines his lot on west water street to Joe Nevius for \$325.00.

There will be a box supper at Fair View church Saturday night April 23 for the benefit of church.

Ell F. M. Tinders' subject at the christian church next Sunday morning will be "The Savior of Success."

A husband on being told that his wife had lost her temper, replied that he was glad of it, for it was a very bad one.

Sunday School will begin at Pleasant Hill school house on new Danville pike next Sunday, April 17th at 3 o'clock. Bro. Pope, Supt.

Eld F. M. Tinders has returned from Louisville where he was engaged in assisting in a series of meetings and also attended the great Sunday School Convention which met in that place.

The joint convention of the C. W. B. M. and Sunday School of the tenth district will meet at Stanford next Tuesday and Wednesday. A number of good workers will be present and a good convention is expected.

A correspondent wants to know when to use "shall" and "should." Never use "shall" when you should use "should" and never use "should" when you should use "shall." In short we should always say "should" whenever we should say "should." Is that plain enough?

Judge William Con Bell and wife left last week for California and Seattle Washington, where Judge Bell has considerable business interests. The people of Garrard County, to whom they endeared themselves while the Judge was on the circuit bench wish them a pleasant trip and a safe return.

A splendid likeness of Mr. John Y. Leavell and his great grandson, Henry Clay Jennings appeared in Saturday's Courier Journal. This venerable citizen just celebrated his 93rd birthday on March 21. The bright little boy accompanying Mr. Leavell is a son of Mr. and Mrs. J. Bradford Jennings, of Pecos, Texas, and a grandson of Mrs. Henry Clay Jennings and Mr. Alex Doty of this city.

Lancaster will be interested in the Blue Grass Motor Club organized recently in Lexington. A grand automobile rally will be held the first week in May at some beautiful picnic grounds near the Fayette capital, and the car owners of Central Kentucky will be invited to attend. A publicity committee has been appointed to see about the routing of the Glidden Tour. This route will extend from Lexington to Louisville, 164 miles, through a most beautiful country.

Mr. Alex Letcher age 86, died at McCreary after many years of lingering illness. The interment was in the Lancaster cemetery Sunday. Deceased was a half brother of Miss Sarah Letcher who died some years ago quite suddenly of heart disease. He was prominently connected with many families in this community.

Miss Joe Helen Maret who has been spending the winter in Florida with her mother and sister, surprised her many Kentucky relatives and friends by the announcement that she had married. The fortunate groom is Mr. Grant Trumbo of Frankfort, and he is indeed to be congratulated on winning such a bright young help-meet.

We wish to correct the statement made by our esteemed contemporary, the editor of the Interior Journal, in regard to typhoid fever raging in our city. There is in reality one case of the dreaded malady in our town and county to the best of our information. The location of Lancaster in particular, being high and the drainage good and the sanitary condition of all the premises in our city insure us in the future as in the past a freedom from epidemics of diseases of every kind.

The Record suggested some time since, to our city Pastors that space might be cheerfully taken by our four city Pastors to "preach" some religious news, each week to our readers, many of whom may not be church goers. One has kindly complied for this issue. If the other ministers can find opportunity, it is believed, that a weekly column, thus served, would be acceptable to the two to three thousand families, among whom it circulates, in this and adjoining counties, especially as the American Church Federation has emphasized the moral usefulness of the country journal, to the people of America.

Base Ball.

The school boys will play Nicholasville a game of ball Monday afternoon on the Lancaster school grounds. A good game is expected.

Sale of Land.

Hughes & Swinebroad sold for Mr. Tran Conn a farm two miles from Lancaster on the Richmond pike, containing 220 acres, to Dr. William Burnette, at \$100 per acre.

Grand Rally.

The temperance people have arranged for union service Sunday night at the Christian church. Short speeches by the four ministers, good music and a grand time. Every one cordially invited. W. C. T. U.

Appointments

The following have been appointed Census enumerators for Garrard county: Ross Bastin, Henley Bastin, B. D. Herndon, O. P. Naylor, Dr. Treadway, W. H. Fain, Mr. McMurtry and Ben Mullins. The work will begin Apr 15.

Progressing.

The Walter Bros. & Hurt Medicine Co. have made a contract with the United States Government whereby they have placed their chill cure in the Canal Zone under the direct supervision of the Government. They will make a shipment of 1,000 boxes in the next few days.

Educational Issue.

Editor Green Clay Walker of the Lancaster Record is making good. This week he issued an extra fine paper devoted to the cause of education. He seems to have lots of push and bustle—the qualities which count in the printing business.—Danville Advocate

List of Claims.

Beginning with this issue will be published a list of all claims allowed or paid by Garrard county for twelve months past, to whom paid and the amount. By a wise provision of law the Fiscal Court is required to have the claims made public through the news papers, so that the people may know who gets the public money and what is given to them in return. The remainder of the claims allowed will be seen in the next weeks paper.

T. g Day.

The Civic League has declared next County Court Day April 25th, "Tag Day" and every person who comes to Lancaster will be tagged and as a consideration will pay the lady or girl who tags them, any amount of money from ten cents to ten dollars, no smaller amount than this will be received so have the correct change ready for if you should give a ten dollar bill expecting \$9.90 change you will be disappointed.

Whatever amount of money made up will be used towards cleaning up the streets.

To Our Advertisers.

Did you ever think what your ad in the newspaper is doing for you? When you close your store in the evening and go home to your family and fire-side, not thinking about your business at all, then it is that the paper is being pored over in hundreds of homes—the homes from which your trade is drawn. And there is your ad doing its work silently, but surely, and if you have taken the pains to make it attractive its work will be all the more attractive. This is repeated over and over again, and is no doubt what inspired some writer to call newspaper advertising a silent drummer.

Coal Land Owner.

Mr. John McGee, the Fourth street merchant, has returned from Livingston, where he is on a deal to dispose of 1100 acres of coal and timber land in which he is interested. A deal has not been consummated, but a trade is on foot. The land has advanced much in price since it was acquired by Mr. McGee—Danville Advocate.

Traylor.

Mr. John Traylor, after an illness of several weeks died at his home near Gilberts Creek at 6 P. M. Wednesday April 13th. The funeral services were conducted at the grave in the Goshen cemetery by Brother Livingston at 4 o'clock Thursday afternoon. The deceased is survived by a wife and six children, Mrs. Sam Duderar, Mrs. Ivan Fish, Miss Polly, Frankie Doty, Willie Gordon and John Jr., all residing in Lincoln county, to whom much sympathy is extended. He was well known in this county and had many friends.

Good Crowd in Stanford Court Day.

Last Monday was county court and horse show day in Stanford and a large crowd attended. Some of the best stallions in Central Kentucky were shown. Rex Arbuckle, the fine stallion owned by Denny Bros. of this county made a good show. Mr. Billy Burton did not take Naboth Jr. to Stanford, as this fine stallion is so well known over Central Kentucky, he did not deem it necessary to show him. One of the best horses shown in Stanford was All Poavine, owned by the popular horseman, Dick Scudder, of McKinney. Many of the best ones will be shown here next court day.

Business at the stock pens was good, about 75 stock hogs sold at 10c, about 500 cattle sold at from 4c to 6c.

Good Work.

The civic league is busy with their good work. The court house yard is to be made into a flower bed. There is also a move on to enlarge the park making more room for the summer evangelistic services and helping in many different ways. Dr. Pierce is having a drawing made showing the plans of the new park and as soon as it is finished the Record will print a picture of the new park way. It is to be hoped that the enterprising ladies of the town will not sit up in their good work and that before this summer passes we shall have our new park and new cement walks around the square together with many other much needed improvements. Let every lady who is interested in her town join in an effort to make Lancaster the most beautiful town in Central Kentucky.

McCreary.

Senator McCreary wants to be Governor again according to a Lexington dispatch.

The statement has been made that the ex-Senator will return to his home in Richmond, Kentucky, from New York about April 20th and will shortly after that date announce his candidacy for the democratic nomination for Governor.

A conference of prominent democrats of the state was held recently and it was decided by them that McCreary was the strongest and most available man for the nomination. The demand by the democrats of the state that McCreary be the nominee of the party for Governor seems to be so general and wide-spread that the probability of his receiving the honor is almost assured.

Council Meeting.

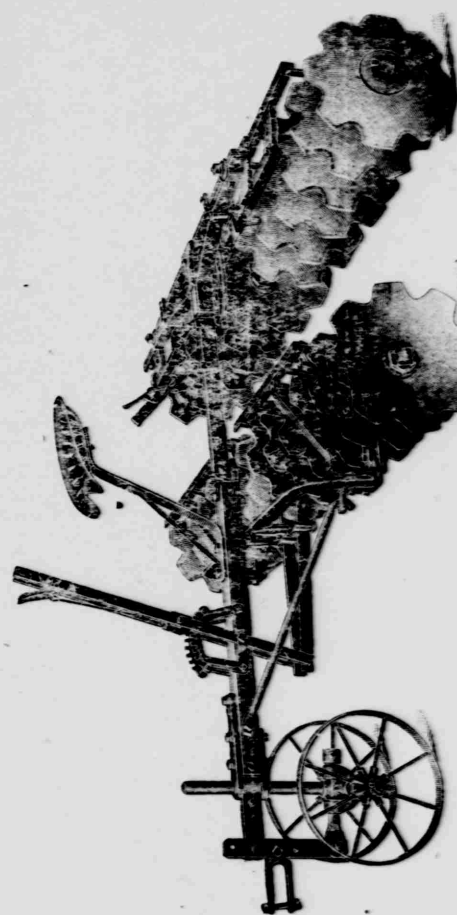

The city council will meet on next Monday night to act on the telephone franchise, also many other important matters: Mr. Mount has introduced an ordinance which if passed will mean that in the near future we will have cement walks around the public square.

At the last meeting Mr. Mount was appointed a committee to form a plan to help get the Government building and he is now preparing a pamphlet in which will be shown a picture of our Banks, School, Hotel, Tobacco Warehouses, the present post office etc.

If the council appoints a committee to go to Washington in the interest of the Government Building to see Senator Bradley, Congressman Helm, Stanley and others, this book will be turned over to the committee to be taken to Washington, otherwise it will be mailed to our friends at Washington.

There is no reason why we should not have a government building and why should we? It is because the net proceeds of the Lancaster post office are increasing. Nine years ago the business amounted to \$2,400, last year it amounted to something over \$4,200. At the same ratio, the increase in nine more years will make this a Second Class post office. In the next few years there will unquestionably be a large increase in business, as houses are being erected on every available lot to accommodate the many families who are coming here to get the benefit of our splendid school. Our large tobacco Warehouses, New Mill, Creamery and other new places of business together with general increase in business and in population, require better facilities for handling the mail.

Let every public spirited man in the town attend the council meeting next Monday night and all join in an effort to promote the things that will make our town what it should be and oppose those things which will not redound ultimately to the best interest of all.
